This week at LPS

Hello Yello

Hello yellow!

This week all classes have been thinking about how to look after their mental health. We thought about our 'stress buckets' and how they can become full during the day, and how we can empty our buckets!

KEEPING CHILDREN SAFE ONLINE

WhatsApp group chats: what parents need to know

Group chats can be a fun way for young people to stay in touch, but they can also be used by others to groom, exploit or harm children. It's important to know the risks and how you can help keep them safe.

WHY GROUP CHATS CAN BE RISKY

Children may be added to groups by people they do not know.

Grooming can start with friendship, attention, gifts, games or status.

Children can be pressured to share photos, personal information or their location.

Sexual images can be requested, shared or used to threaten or blackmail a child.

Criminal exploitation can involve secrecy, money, gifts, drugs, violence or pressure to meet others.

Screenshots, forwarding and disappearing messages can make harmful content difficult to control.

TALK TO YOUR CHILD

Ask who is in their groups. Help them think about who they really know online.

Check privacy settings together (e.g. who can add them to groups, who can see their profile and posts).

Encourage them to tell you if someone makes them uncomfortable.

Reassure them: they will not be in trouble for asking for help.

Have open and regular conversations

WARNING SIGNS

Suddenly secretive about their phone.

New online friends or contacts they cannot explain.

Receiving gifts, money or new phones/clothes.

Becoming withdrawn, anxious or upset after being online.

Missing school or going missing.

Talking about meeting people they know online.

Sexualised messages/images or pressure to send pictures.

WHAT PARENTS CAN DO

Keep accounts private and review group-chat settings (e.g. who can add them).

Encourage children to block and report suspicious accounts.

Save evidence/screenshots if something worrying happens.

Do not confront a suspected exploiter yourself as this could put your child at further risk.

Get advice early — you do not need to be certain that exploitation is happening.

Stay involved. Stay informed. Keep them safe.
