St George's Day Service

On Sunday 21st April, all of Malvern's beavers, cubs, scouts and explorers came together in Ledbury to celebrate St.

George's day. We started near the bookshop and then paraded to the church, where all flag bearers dispersed from the line to stand by the path as everyone walked through and into the church. The non-flag bearers walked down and into their seats. The flag bearers followed after them. The standard bearers walked down the aisle to give their flags to the vicar. We then got seated and sung "All Things Bright and Beautiful". Then some of the children proceeded to read an extract from the Lorax. After some brilliant reading, we said all of the promises and law for the beavers, cubs and scouts.

After that, we sung "Who Put the Colours in the Rainbow" twice so that the flag bearers could collect their flags and walk down the aisle to get back in their formation. We then finished the ceremony and the flag bearers handed their flags in for the next St. Georges day next year.

BEEKEEPING CLUB

Mrs Fletcher and Mrs Dalley held the first Beekeeping club with children today.

The beekeeping club was on today, and there were hundreds of bees present to the area! We found the queen bee (Barbee) with a yellow spot on her head. We were fully equipped with smokers and bee suits, yet no bees stung any (6) of us no matter what! The bees had a great brood pattern, and they were perfectly calm, although some of them landed on us and were peaceful. We took extra precautions anyway, because we had a first aid kit and more! The hive had no animal damage at all, so the bees did not have any damage by the forest school wildlife around us. The bees did have a small swarm, but not many bees landed on me. Funnily enough, the bees were (slightly) trying to get Barbee out of the hive! Not many exited the area, and a lot of us were seeing a bee up close through our bee suits!

SPOTLIGHT ON...

INTERGENERATIONAL WEEK

Some of Y6 visited Deer Park Care Home this week as part of Intergenerational week.

First, we left school and travelled to Deer Park. The walk was nice as we collected flowers and leaves, we took 20-30 minutes to get there. We were greeted kindly by Sarah. We went upstairs into the arts and crafts room and we made clay tiles with flower imprints. The process was quite fun as we all got a lump of clay we could model.

After we finished modelling the clay, we left them to slightly harden and walked to the leisure and wellness room. There, we did a show and tell and many went up to share wonderful experiences and objects. The residents were very kind and appreciated our visit. They applauded once we finished and showed lots of interest in our stories behind the items we brought in. The one that was probably the most popular was a gemstone collection. The elders enjoyed themselves during the show and tell. Before we finished our visit, we went upstairs to get our clay tiles and put them in a shoebox with parchment paper separating them. We were all thankful for the fun we had.
